Fall 2012	Scholastic Requirement							X				Y

## Sanction Explanation

**Additional Alcohol Checks:** Increased number of Interfraternity Council Alcohol Checks per the specified period of time.

**Education:** Requirement to host an educational workshop on a specific topic to particular group (i.e. chapter membership, fraternity and sorority life community)

**Fine:** Monetary payment to Interfraternity Council.

**Policy Revision/Creation:** Requirement to revise or create a chapter policy.

**Restriction:** Limitations on activities or participation on campus, with other chapters, and/or fraternity and sorority events.

**Requirements:** Additional conditions or sanctions required of the chapter.

**Scholastic Probation:** A semester period of time during which the group is not in good standing with the University for scholastic achievement. Continued failure to meet scholastic requirements will result in an extension of scholastic probation in addition to the actions defined in the Interfraternity Council Bylaws.

**Social Probation:** Loss of chapter privileges to hold activities that would constitute registration with the Office of Fraternity & Sorority Affairs under the Social Function Registration Policy (including date parties, functions, etc.)

**Conduct Probation:** Specified period of time during which the group is warned it is not in good standing with the University and further violations of IFC and/or University regulations will subject the group to suspension from the University.

**Deferred Suspension:** A form of suspension which allows the chapter to still function as an active student organization pending specific stipulations and requirements. Failure to complete those requirements or further violations will result in the chapter being suspended from the University.
